Efergy energy meter

May 5, 2009 at 2:00:00 PM

Efergy meter

Print E-Mail this Article

Efergy tells you every six seconds how much power you are consuming, how much money this is costing you and an estimate of your personal contribution to the climate change.

Saving energy.

stored daily in an easy to access CPU memory so you can actually see the effects of changing energy habits.

The meter is an excellent educational device. It is easy to use, displays personal consumption and increases awareness of important issues related to electricity, the environment.

The Efergy smart meter, awareness in energy consumption has been able to show a 20% reduction in electricity usage with UK residential users.

The SRP Price - Php 7,000. For more information, please call PanManhattan at 0917-881-188.
